BRAND GUIDELINES

OUR MISSION

To empower people to live healthier,
more fulfilled lives.

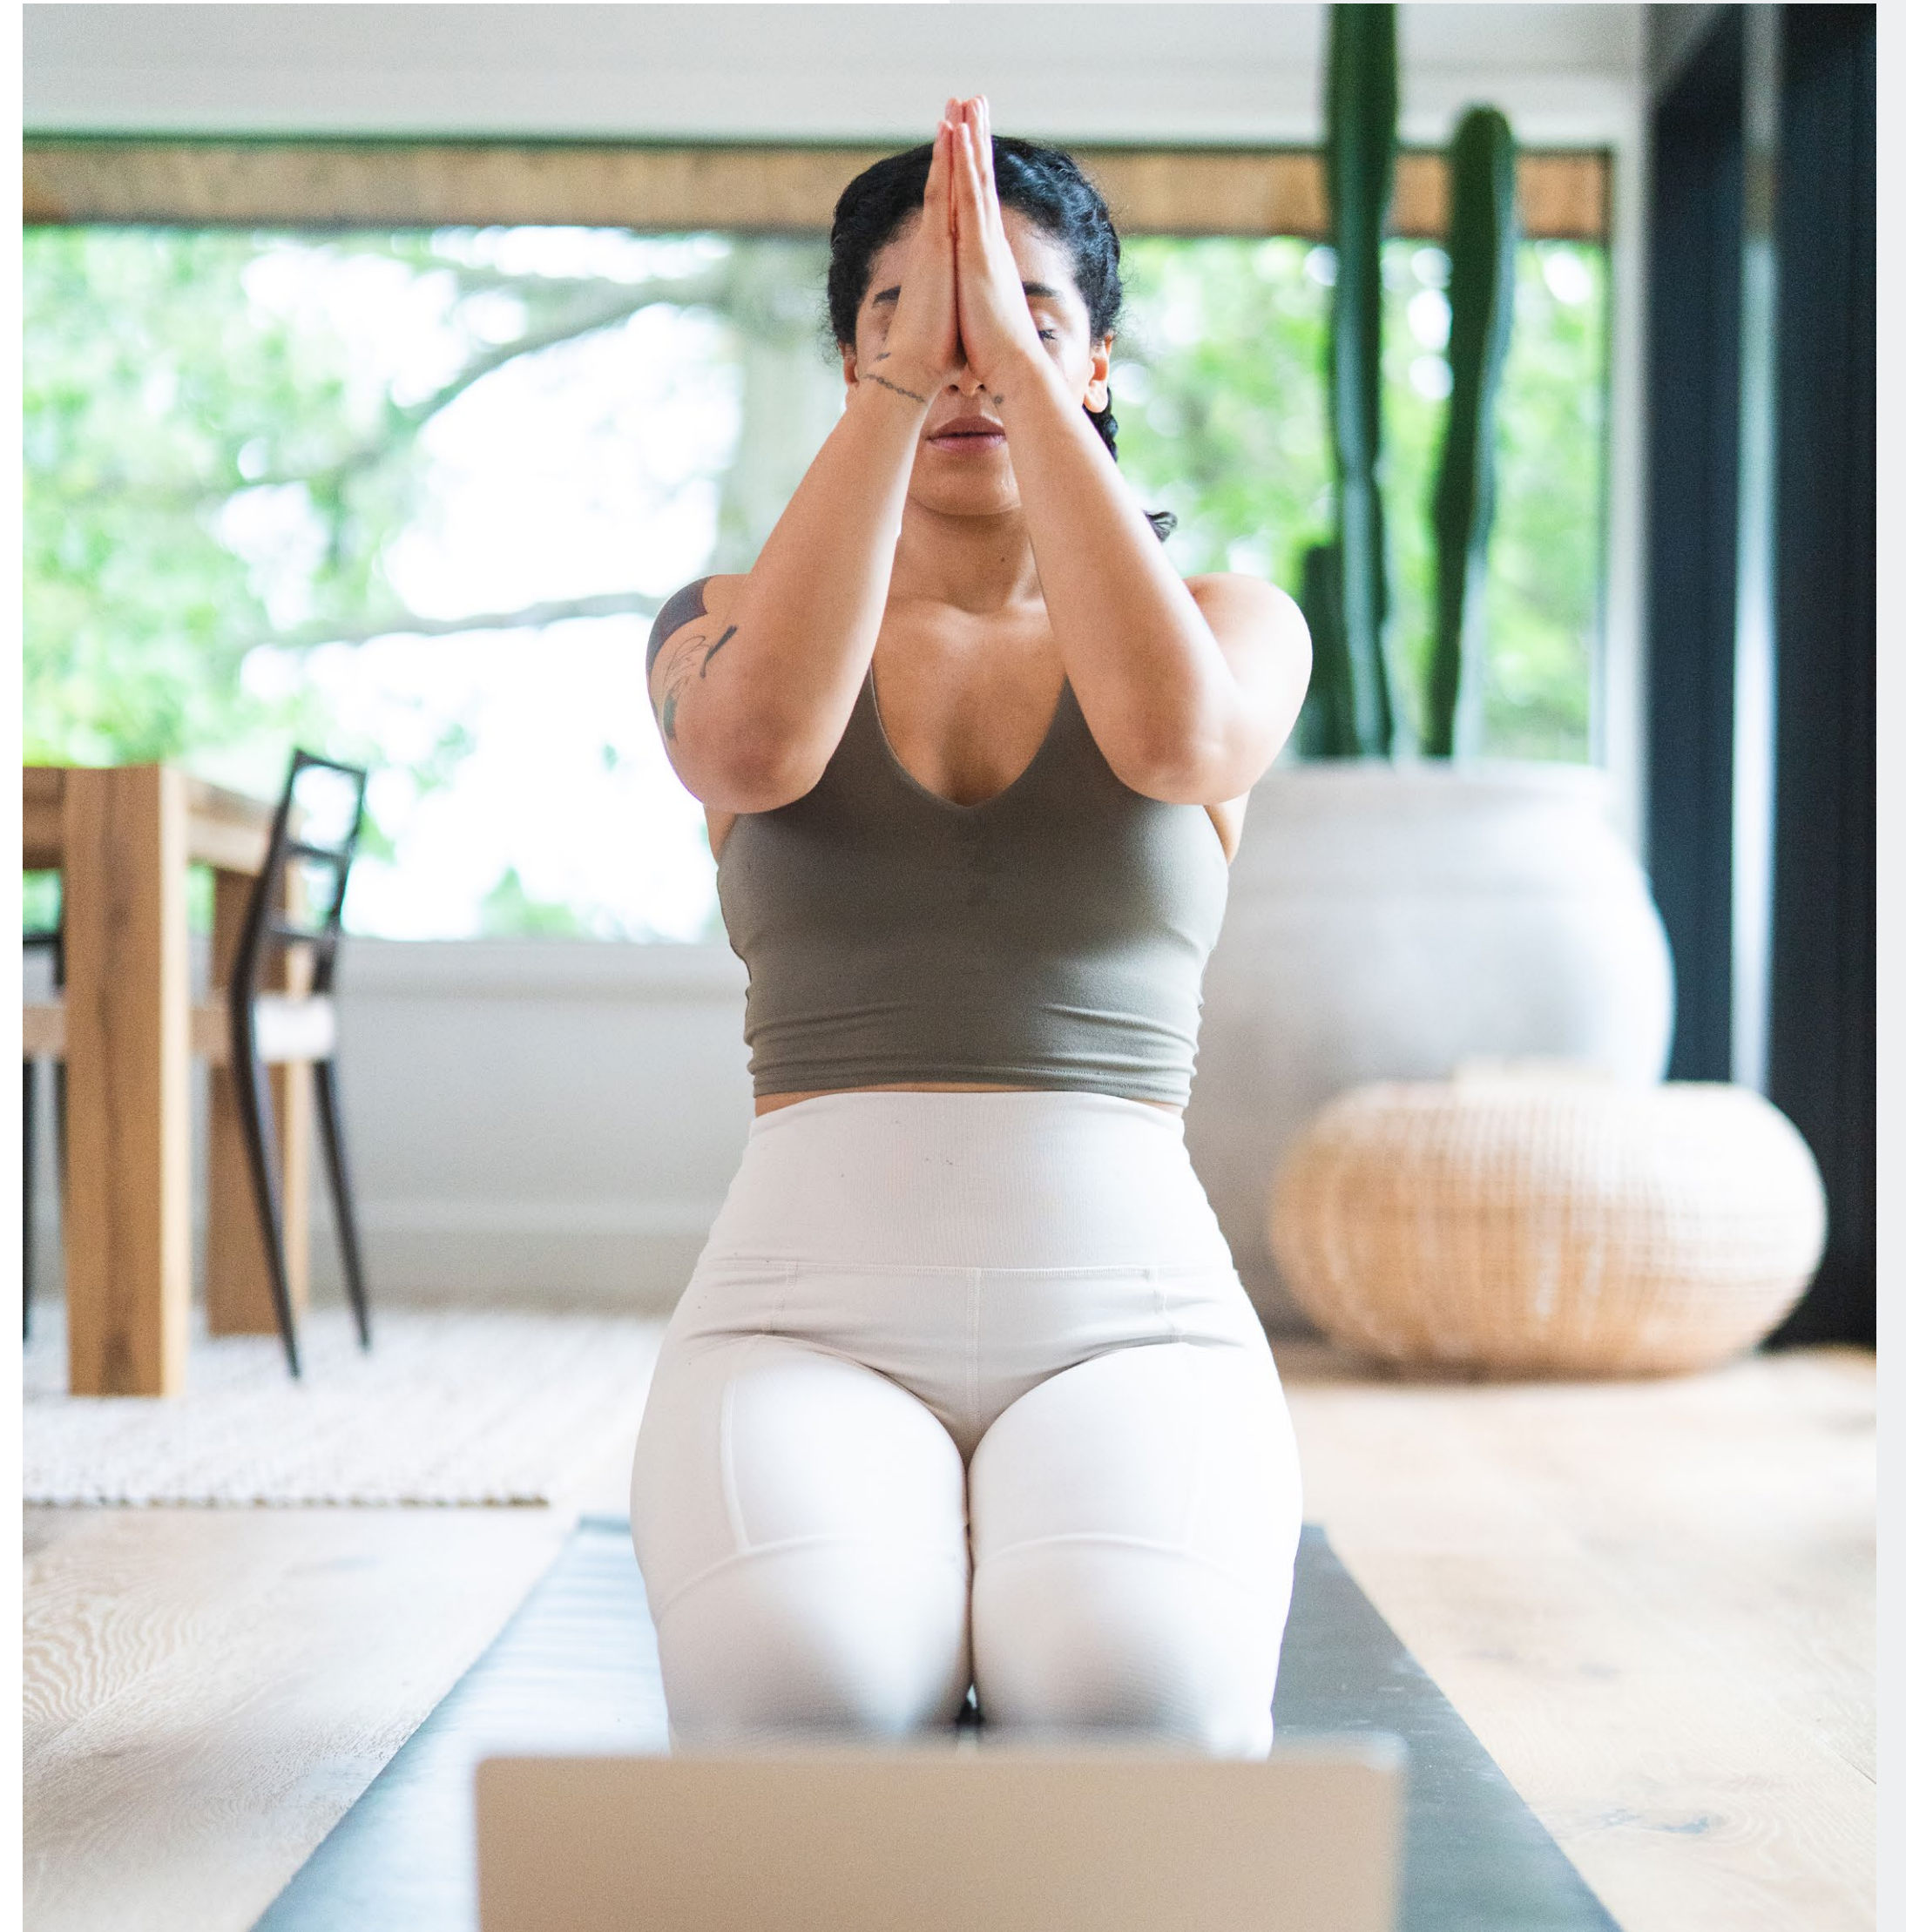

Our story

Alo Moves has always been inspired by a single goal: to empower people to live healthier, more fulfilled lives. In our increasingly connected world, we believe in creating real connection — that feeling you get after a quiet moment of meditation, a soul-stirring yoga flow, or a challenging sweat session with friends. Our platform is designed to make those moments happen.

Our classes will inspire you to take care of your whole health — body, mind, and spirit — so that you can go out into the world and do what you do best. But we think that journey is best made with others by your side. Alo Moves is designed in support of community, a place where people all over the globe can move, connect, and feel energized by each other. We're here to celebrate with you, from small wins to milestone moments.

What we do goes beyond trends, fads, and quick fixes. We're committed to helping you find what moves you so you can build healthy, sustainable habits for life. Because when you make time for your health and wellness, you're able to create deeper, more meaningful connections with the people around you — and the world is better for it.

Our core values

These five values are at the heart of everything we do at Alo Moves. They keep us in total alignment and guide every decision at our company, from our content to our culture.

A man with grey hair and a beard is performing a plank exercise on a dark mat in a bright, modern living room. He is wearing a dark t-shirt and shorts. His hands are flat on the floor, and his body is in a straight line from head to feet. A tablet is propped up on the floor to his right, displaying a video of a person. In the background, there is a large window with a view of green foliage, a white armchair, and a small wooden side table.

OUR GOALS

MOVE MINDFULLY

Everything we do is inspired by the goal of spreading mindful movement. We create fitness content and stories based on what really matters. We don't move so we can be measured, we move so we can feel alive.

CREATE COMMUNITY

We believe in the magic of human connection. Our platform is designed in support of community — a place where like-minded people can connect and feel energized by each other.

EDUCATE & INSPIRE

We provide a space for change and empowerment. We are passionate about developing leaders for good, who in turn create leaders for good. Through education and inspiration, we lift each other up.

OUR BRAND TONE

It's not all about what you say — it's about how you say it. We keep our community in mind in everything we write, from customer emails to social posts.

APPROACHABLE

Yoga, fitness, and mindfulness are for everyone at every level, and we reflect that with inclusive copy.

AUTHENTIC

We keep things real. No one practice looks the same, so we approach our words with different lifestyles in mind.

OPTIMISTIC

Like a great instructor or a close friend, we encourage others to keep moving and learning without limits.

INSPIRING

The most inspiring thing? Our members. We put people first and celebrate every class taken and milestone achieved.

RELAXED

Speak with purpose and personality. From fitness to philosophy, we educate and motivate in a down-to-earth way.

MODERN

Our copy should stand the test of time. Aim for relatable storytelling that connects with our community's interests.

COLOR PALETTE

The colors we use to complement our imagery

Alo Moves's primary color palette is black and white.

Neutral grays and earth tones are used for
backgrounds and UI elements.

BLACK
#000000

WHITE
#FFFFFF

GRAY
#EDEDED

Use neutral earth tones to complement photos for emails and landing pages.

A man with tattoos is in a plank position on a black mat. He is wearing a dark blue tank top, white shorts, and grey sneakers. His hands are on the floor, and his feet are on the mat. A black tablet is propped up on the floor in front of him. The background features a brick wall and a large window with a grid pattern.

PHOTOGRAPHY

How we use photos to engage and inspire

THINK SIMPLE

What does our imagery say about Alo Moves? Choose bold perspectives that help people to imagine themselves in their own practice. Our images should capture the beauty, grandeur, and magic of the practice of yoga. More is not better — more is just more. Be conscious of whether the picture evokes emotion.

Leave plenty of
negative space for
copy over image.

Colors should
complement, but
not distract from,
the photo.

A woman with long, dark, wavy hair is standing outdoors. She is wearing a dark purple, sleeveless top with a knot detail at the waist. The background is a lush green forest, heavily blurred to create a shallow depth of field. The lighting is soft and natural, suggesting an outdoor setting during the day.

When outdoors,
use a shallow depth
of field to smooth
backgrounds.

Use environmental
context to create
negative space.

Shoot dynamic
poses to capture and
convey movement.

Arrange props and background elements to enhance the composition and create a clean setting.
